Shipping Pre-Advice:

Copy of Air Way Bill as well as of Invoice, Packing List or Carnet-ATA, must be faxed or e-mailed latest 2 working days prior to arrival of your shipment.

Documentation/Packing

For all Non-EU shipments, we require 3 originals of a Proforma Invoice/Packing List either on your letterhead or the attached form can also be used.

It is imperative to pack and invoice separated by Customs Status (temporary imports, give aways). Austrian Customs must be able to easily sort out which item is packed in which package. Any charges as unpacking, repacking, etc. will be passed on to yourself. Each Proforma Invoice/Packing List must be signed and stamped. Hand written Invoices are not acceptable. Items with 0,- value are not acceptable. HTS No. (Customs Tariff No./customs heading) must be mentioned for each item. A product brochure and/or description must be attached to the Proforma Invoice/Packing List wherever possible.

Alternatively, a Carnet-ATA for Exhibition Goods and Standbuilding material, being completely re-exported, can be used.

For all EU shipments, we require 2 originals of a Packing List either on your letterhead or the attached form can also be used.
